

Djema Station building:

A 20' container would work at Djema because it already has a building that can be converted for use either as the conference room or production studio.

Ango Station:

A 40' container (or 20FTs arranged properly to achieve below space requirement is needed in Ango as we haven't yet conducted a site survey.

Radio requirement; Ango DRC and Djema

The requirement is for a studio with adequate equipment for the intent of establishing a broadcast radio station

The radios shall be able to achieve a 125KM radius

The radios shall run for 18hrs a day

The power system shall be strictly solar, but the option of a generator as back up is welcome. For furniture, we would like to have six (6) office chairs for the conference room and four (4) chairs for the studio. The chairs for the studio should be padded, adjustable in height, and on wheels that swivel and turn. We would also like to place a simple 5'x3' table in the studio that can be used to hold the equipment.

The laptops and applicable software would be "3 each". We would like to have 3 voice recorders as well. For mics, We prefer 6 with 6 stands and 6 headsets. A mixer with 8 inputs is adequate.

We will also need the mast pegs, anchors, and guy wires, and fencing as estimated.

The broadcast frequency for Djema shall be 91.9 FM. The Broadcast Frequency for Ango shall be determined at a later date.

The contract shall be responsible for all electrical works and supplies to run the stations.

The chain link around that station shall be a minimum of 7FT high

Transportation for personnel and some equipment will be provided by the client via aircraft to location, but construction materials and items too bulky for transport by air e.g. stones, sand, gravel etc shall be the responsibility of the contractor.

The contractor personnel shall have valid travel documents such as passports

Meals shall be available but to be paid for by the contractor.

The locations are both on UPDF managed facilities who will also provide camp related security.

Please note: neither the US Government nor the Uganda People's Defense forces shall be held responsible for the safety of Contract personnel at any time for the entire duration of performance of the contract
